

Exhibitor's Guide to Social Media at PDAC 2023

PDAC has created this social media guide to help you engage with other attendees, and get the most out of your exhibiting experience. The beauty of social media is that it is free, fun and instant. It gives you the ability to connect and share information, photos, videos, news, documents or music at the click of a button.

Effective social media starts with a plan. This document will help you to get the most out of your social media at PDAC 2023.

Be informed

PDAC will post information about the convention before, during and after the event. If you haven't already done so, connect with our social media accounts now and share, comment and like our posts!

Join the conversation - use the hashtag [#PDAC2023](#)

To keep everyone involved in the same, relevant conversation on social media, always use a hashtag. **Use the hashtag [#PDAC2023](#) to join the conversation.** This is how you will track what others are saying, enhance the exposure of your post, and also ensure your posts appear in the same online conversations.

Tips for using social media at PDAC 2023

1. Make a plan

Set some goals. Maybe it is to meet with another Exhibitor as a result of online discussion, or to increase your Twitter followers by 50. Choose the best social media channel for you (Facebook, Twitter, LinkedIn, Instagram) and keep the content frequent and interesting. For best results, use a photo and link in each post. If you have a team of people at convention, designate a leader to oversee operation of social media while onsite.

2. Connect with others

Interact with the social media accounts of speakers, businesses, representatives, government officials and the event organizers to build online relationships in advance. Encourage your stakeholders and colleagues to get involved in your social discussions for greater reach. In return, support your stakeholders and colleagues social accounts with re-tweets, likes, shares and comments. Tag accounts where you can for greater reach and awareness, including PDAC!

3. Plan ahead

Consider a program to schedule your posts in advance or try to plan something that you can publish each day. Tweetdeck, Loomly, Buffer and Hootsuite are popular management tools. And remember; always use the [#PDAC2023](#) hashtag.

4. Suggested posts

Original content will help you stand out. Include photos where possible.
