Why exhibit?

- Discuss your company's activities with mining analysts, fund managers, bankers
- Make important links with a worldwide audience
- Meet face-to-face with high net worth individual investors
- Reinforce relationships with existing investors & clients
- Reveal investment potential and conditions
- Seek out new business opportunities

> ***Exhibiting at the PDAC increases your awareness to the vast magnitude of such an important industry. We value the relationships we have forged because of such an event and hope to participate yearly to keep apprised of all things mining.***

> ***The PDAC is where the leaders of the mineral exploration and mining sector, both technical and financial, meet to analyze, discuss, partner, strike deals and network. 2018's convention was the most optimistic in terms of productivity, majors seeking deals with minors and finance institutions looking to place their next bet. It will only get better from here.***
