

Special Education Event for Teachers

Sunday, March 7, 2010 10:00 a.m. until 5:00 p.m.

Metro Toronto Convention Centre, North Building

222 Bremner Boulevard Toronto, Ontario

Sponsored by IBK Capital Corp.

Receive classroom resources and participate in the world's largest mineral exploration convention.

Discover the mineral exploration industry, learn about Canada's world-class diamond bearing deposits and experiment with hands-on activities designed to equip teachers with the knowledge needed to engage students in the exploration of Earth Science during a special education event for teachers at the annual *Prospectors and Developers Association of Canada International Convention, Trade Show, and Investors Exchange*.

Participating as *Mining Matters'* special guests, teachers will receive extensive curriculum-linked classroom resources and learn from engaging speakers involved in the mineral exploration industry. Teachers will also have the rare opportunity to tour the trade show floor to experience the modern technology being applied to the discovery of mineral resources, marvel at the wealth of career opportunities available, and learn about the industry's social responsibilities to the environment and communities.

Grade 4 Teachers will receive:

- 31 lesson plans, each including student activity cards
- Student investigation file master for easy photocopying
- Mineral testing equipment along with rock and mineral samples needed for the activities
- Posters, photographs, diagrams, book, video, card game used in the activities
- Additional resources such as posters and fact sheets

High School Teachers will receive:

- 21 lesson plans and hands-on activities
- Kimberlite sample and kimberlite indicator minerals
- Presentation with photographs of diamonds, geological field methods, glacial landscapes, and Canada's diamond mines
- Data and fact sheets required for student activities
- Book: *Canada's Northern Diamonds...from rocks to riches*
- Publication: *What on Earth*
- Map: *Northern Canada Diamonds*
- CDs: *Diamonds from the Tundra: The EKATI Story* and *Diavik: Constructing the Legacy*

The cost of this special opportunity is only \$25 per teacher. Advanced registration is required. This event is limited to 90 teachers.

How to Register:

Deadline for registration is **Friday February 26, 2010**

To register, please complete the attached registration form and include payment (cheque made payable to: *PDAC Mining Matters*). Your *Mining Matters* curriculum-linked classroom resource will be available for pick up at the special event.

PDAC 2010 Teachers` Day

Sunday, March 7, 2010

10:00 a.m. until 5:00 p.m.

Metro Toronto Convention Centre, Toronto, Ontario

Mining Matters is hosting our third Teachers` Day during the **2010 Prospectors and Developers Association of Canada International Convention, Trade Show and Investors Exchange**.

Learn about Canada's mineral wealth and mineral exploration industries. Tour the outstanding exhibits on the trade show floor. See the technologies used in resource exploration, career opportunities, and the industry's social responsibilities to the environment and communities.

Attend one of Mining Matters' in-depth training workshop and experience hands-on activities designed to engage students in Earth science.

PDAC 2010 Teachers` Day is generously supported by IBK Capital Corp.
