

## **New Book: Canada's Northern Diamonds... from rocks to riches** by Gayla Meredith

Author and award winning northern educator, Gayla Meredith, has harnessed the excitement of the nation's most recent natural resource in her fascinating new book **Canada's Northern Diamonds... from rocks to riches**. In it, she investigates the formation of diamonds deep inside the mantle and illustrates how diamond hunters explore for this valuable treasure. Using state of the art tools and methods for exploration and extraction, students will follow Canadian diamonds through each stage in the mining process and learn how they are valued, marketed, cut, polished and sold. Complete with a section to showcase careers along the way, this book is an excellent addition to your Grade 7 **Mining Matters II –The Earth's Crust** resource.
